Calling all youth and play groups in North Manchester!

Young Manchester and GMYN are working to complete a review of the youth and play provision in North Manchester on behalf of Manchester City Council. Drawing on previous reviews, speaking to yourselves and young people, this review will help build a better picture of North Manchester and identify needs to decision-makers and local funders.

We would really appreciate it if you could please complete this short survey (10 questions!).

Alternatively, contact Hasaan (h.amin@youngmanchester.org) who can arrange a time to chat through the survey and fill it out with you!

RESEARCH

The British Red Cross need your help!

The research findings will inform the operational responses and advocacy efforts of the International Committee of the Red Cross (ICRC) and other components of the International Red Cross and Red Crescent Movement. These efforts will focus on preventing disappearances and influencing States to implement measures that mitigate and address this humanitarian issue. Additionally, the findings will help enhance services related to missing migrant women, children, and their families and will be widely shared in migration policy and governance forums.
