who are we?

Young Manchester is a youth-led partnership of over 120 local non-profit organisations and groups supporting children and young people in Manchester. We work together to strengthen, connect and champion free-to-access activities and opportunities for children and young people (aged 0-25), ensuring these reach the most excluded children and young people in our city.

Our vision is of a Manchester where every child and young person can shape their city and realise their full potential through vibrant, connected and inclusive opportunities.

WHY IS THIS IMPORTANT?

Manchester is a vibrant, globally-connected city with a prospering economy and a proud northern identity, but we're leaving our children behind. Nearly half (45%) of Manchester's children are currently living in poverty. They're facing barriers that limit their ambition and deny them opportunities to realise their full potential.

45%

Young Manchester is committed to tackling these inequities for children growing up in our city, but we know this is a challenge that cannot be solved by us alone.

Working in partnership is at the core of Young Manchester's ethos. We are committed to seeking and nurturing innovative partnerships that can give the most excluded children and young people in our city access to vibrant, inclusive and connected opportunities.
