

Young Manchester Updates

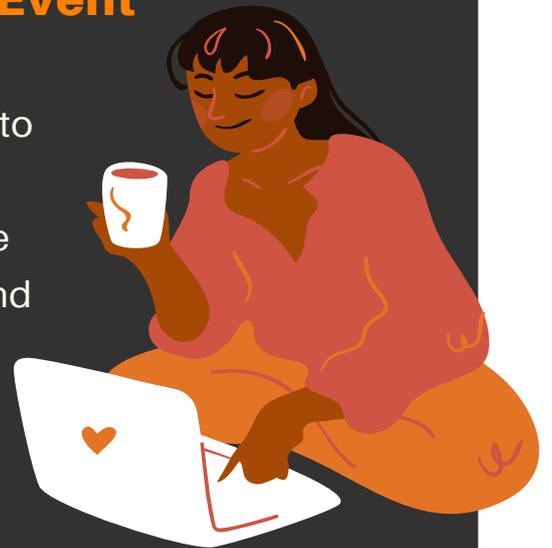

Happy Friday! This week's update consists of events, opportunities, a job vacancy and resources on bereavement.

EVENT

Inclusion and Access Open House Event

We want to establish a committed group of organisations and individuals working together to be proactive about true inclusion and access in youth and play provision across Manchester. We are holding an 'open house' for organisations and leaders to find out more about the group, shape the priorities and hopefully join! Register below!

OPPORTUNITIES

Making Every Contact Count for Mental Health

The Royal Society for Public Health and Health Education England are calling for expressions of interest from primary and community care organisations across the North West to nominate individuals who can become Trainers for their Making Every Contact Count for Mental Health training programme. Find out more below!

EVENTS

Do Charities have a Class Diversity Problem?

Join RECLAIM on 22nd September as they launch their new research into the experiences of working-class people working in UK anti-poverty charities and think tanks. The event includes a briefing on the findings; a panel discussion with speakers from across think tanks and charities on where the sector should go next; and news on a collective commitment to monitor and improve class diversity.

JOB VACANCIES

Project worker at The Children's Society

The Children's Society are looking for a Disrupting Exploitation project worker. This role sits within the youth impact domain, which works to provide immediate one-to-one and group support for children who urgently need support. Your role will be to help them maintain and develop innovative practice to support their work around the country. The closing date is the 10th October. Click below to apply!

RESOURCES

Resources on grief and bereavement

We know many children, young people and youth workers may be having conversations about grief and bereavement at the moment - both in light of the passing of HM Queen Elizabeth and the death of Chris Kaba. The National Youth Agency has created a list of resources & tools to support these difficult conversations which you may find helpful.
